About RBH

CK Birla Hospitals, which has pioneered several firsts in India's healthcare industry for over 45 years, brings its expertise and knowledge to the city of Jaipur with RBH. RBH is a 230 bed multi-speciality hospital offering comprehensive inpatient and outpatient services in Jaipur. Founded on three key principles — Clinical Excellence, Ethical and Patient Centric approach, this multi-speciality facility caters to patient needs and makes sure that the patients and their families are being well looked after by a team of efficient doctors, caring and vigilant nurses, organised housekeeping and back office management.

Department of Gastro-Sciences

The department of Gastro-Sciences is a state-of-the-art facility providing comprehensive care, and equipped to handle life-threatening and complex cases. Our team of highly qualified and experienced specialists are supported by a brilliant team of dedicated nursing staff, endoscopic assistants, dietician, physiotherapist and occupational therapist. Our facility includes a modular endoscopic unit and laparoscopic theatre, along with latest radiological investigations.

GASTROENTEROLOGY

Our modern endoscopic unit provides all forms of diagnostic, therapeutic and 24x7 emergency endoscopic procedures. Our dedicated endoscopic unit is also supported by attached pre and post-procedure observation ward. The unit is also equipped to perform endoscopic procedures under general anesthesia.

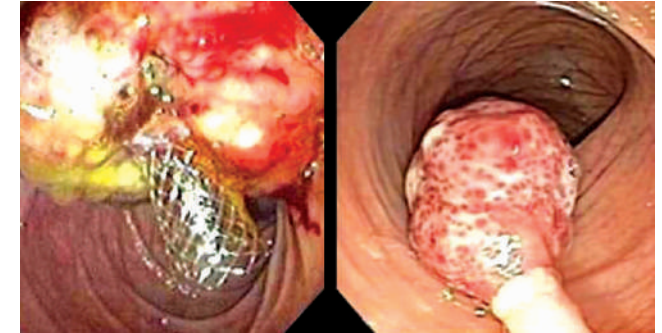

Diagnostic services in Endoscopic Unit:-

- Upper GI endoscopy
- Sigmoidoscopy
- Ileo-colonoscopy
- Side view endoscopy

Therapeutic services in Endoscopic Unit:-

- Variceal band ligation
- Dilatations
- PEG placement
- Argon Plasma Coagulation (APC) & heater probe
- Endoclips
- Foreign body removal
- Polypectomy
- EMR
- ERCP – Including stone removal, stricture dilatation and stenting of bile and pancreatic ducts

LOWER GASTRO-INTESTINAL SURGERY

Our Department of Gastro-Intestinal Surgery at RBH has state-of-the-art advanced modular laparoscopic theatre equipped with facilities to carry-out all emergency and elective Gastro-Intestinal surgeries. The Department of Gastro-Sciences provides facilities to carry-out all the colorectal and pelvic floor surgeries. The Department has a strong and dedicated support team.

HEPATOLOGY & BILIOPANCREATIC SCIENCES

The Department provides both emergency and elective procedures including treatment to patients for liver, biliary and pancreatic diseases by experienced specialists and support teams. The department provides protocol and evidence based care to an increasing number of patients who suffer from difficult to treat hepatology and biliopancreatic ailments. Hepatology services include diagnosis and treatment of viral hepatitis (hepatitis B, C, E, A & D), alcoholic liver disease, autoimmune hepatitis, drug induced hepatitis and all causes of jaundice. Special services include:

- Management of variceal bleed, liver coma, hepatocellular carcinoma
- Liver biopsy
- Nutritional services

The Department also provides emergency and elective procedures including treatment to patients with bilio-pancreatic diseases including gall stones, bile duct stones, strictures, pancreatitis and cancer of bilio-pancreatic tree.
